Company Profile

Vortoleen is not only a leading organization in the field of lubricant but also the beliefs of numerous of automobile . They are giving their services since many years . Vortoleen has been developing new products and continuously upgrading their products to meet the challenge of present time and fulfill the requirements of automobiles as a engine oil . Our lubricant is certified organization which are continuously supplying their products to the government and non-government sector . Our customers are 99.9 % satisfied with our performance and non-defective lubricant Vortoleen from long time . Our product provides new life to engine and enhance their working capabilities . Our products are formulated by using best-grade ingredients and advanced technologies under the supervision of our experts whose first priority is our customers and never compromise with the quality of products . Our first priority is our customers by providing best quality engine oil steering oil etc to bring new life to their automobile . Vortoleen is a substance which reduces the friction between the machinery processes and engines . It also reduces the heat produced during machinery function by providing cooling effect and maximize the life of machines , save the money and time of our customers . We care for our customers and their Automobile

All Packs size available

VORTOLEEN 4T with power technology is high quality

4-stroke engine oil that provides complete engine protection and reduces consumption.

- * 4-Stroke Engine Oil Recommended for all new generation 4-stroke engines.
- * It's a high quality 4-stroke engine oil with a very high drain period.
- * It is blended with international standard base oil stocks and additives.
- * It has a high viscosity index and excellent protection for engine clutch and gear.
- * It gives high fuel efficiency even at maximum engine acceleration and sustains very high and very low temperature conditions.

Cars Engine oil

CAR ENGINE OIL SYNTH PRO

20W-40

5W-40

5W-30

All Packs size available

VORTOLEEN is a premium synthetic engine oil, designed to provide outstanding levels of protection and performance.

Vortoleen is formulated to give you confidence of protection beyond that of conventional or synthetic oils.

This product can operate at high operating temperatures and protects against metal shearing and thermal breakdown. This is Semi & fully synthetic and meets various OEM requirements

Recommended for : Nearly all engine technologies, Gasoline & Diesel engine, Passenger cars, SUV light trucks and vans, Highway Cruising, stop and go city driving, normal to frequently severe operating conditions, Turbo-Chargers and Direct Injection engines and High Performance Engines.

Turbo Power Engine oil

15W-40 TURBO POWER

CF-4

CH-4

CI-4 PLUS

All Packs size available

VORTOLEEN 15W40 is a premium quality, API certified, commercial multi purpose diesel engine oil.

This oil is designed for the most severe performance requirements of modern, highly rated turbo charged diesel engines in the "over the road transport, fleet applications and also off highway operations".

It assures outstanding protection against high temperature engine deposits, oil degradation oil thickening and corrosion resistance. The oil is having an excellent shear stability to maintain viscosity under severe, high temperature operations. It is a multi grade diesel engine oil meeting and exceeding the latest OEM long drain requirements which offers extended drain periods and reduces sludge and varnish in cylinders, valves and on-piston in high stress diesel engines.

MultiGrade Engine oil

20W-40

MULTI GRADE

CF-4

CH-4

All Packs size available

VORTOLEEN 20W-40 API CF-4 Multigrade engines oils are super premium multigrade oil.

The oil is made from high quality base oils and selected additives which are carefully blended to give a SAE 20W40 multigrade engine oil suitable for 'round the year service in most locations in india.

Multi grade Engine oils

recommended for all imported cars, Maruti,

Contesa, Padmini, Ambassador and all Diesel engine

application likes Car, Tractors -. Preet, Swaraj, Mazda, Tractor of New

Holland, Johndeere, Sonalika, Mahindra, Tafe, Escorts Eta, Ford,

Mahindra Trucks (CVs Jeeps and Vans where CF-4 performance

level is considered beneficial.

TQ

All Packs size available

VORTOLEEN is a lubricant which is based on premium quality oils and best grade ingredients. Vortoleen is formulated by advanced technologies under the supervision of experts. Vortoleen increases working capabilities and potential of vehicles. Vortoleen are eco friendly budget friendly product formulated from IAT formula that has been used for decades. It gives your vehicle new life and full energy that keeps it working for a long time.

ALL TYPES OF GREASES

RED GEL

CHASSIS

AP-3

All Packs size available

VORTOLEEN Grease is a premium quality, All purpose Automotive Grease which can be used in all types of wheel bearing used in Automobiles of heavy duty, light commercial, passenger vehicles.

Product features

- * Excellent Thermal and Oxidation stability.
- * Resistance to water wash out.
- * Protect your equipment, extend their lubrication.
- * Superior protection against rusting & corrosion.
- * Increases bearing life.
- * Excellent shear stability i.e resistance to hardening or thickening during use.
- * Additives ensures greater protection against shock and heavy loads.

Industrial Oil

All Packs size available

Vortoleen Industrial oil is a premium quality based oil using in different sector of machinery. These oils are designed to handle the extreme pressures of industrial gearboxes, reduction gears, concrete mixing machines, circulation systems, and agricultural and marine deck equipment. Also, they insulate the parts against wear, corrosion, and oxidation. Vortoleen Industrial Lubricating Oils meet the requirements of all core industrial sectors of India spanning defence, railways, cement, coal, steel, sugar, power, marine, surface transport, engineering, fertilizers, etc Vortoleen Industrial oil series is designed to meet the turbine oil requirements of small micro power plants as well as ultra mega power plants. In addition, there is a wide variety of compressor lubricants available for reciprocating as well as centrifugal compressors. The lubricants portfolio also includes numerous other oils and greases to meet requirements of cutting oils in small workshops, rolling oils in steel plants and heat transfer fluids of food and textile industry.
